

Blanc de Noir Zweigelt

- Origin:** Lower Austria, AUSTRIA
- Terroir, location:** Originates from the Rosenberg, Setzgarten, Alsen and Neuberg vineyards. All vineyards that guarantee Zweigelt grapes a good ripeness.
- Vinification:** The aim is to produce a distinctive type of white wine from the red Zweigelt grape. We make sure that the must has no contact with the skins. When the grapes are destemmed and crushed, the must is left to run off by itself before pressing, thus extracting hardly any color from the skins. Cool fermentation and maturation on fine lees in stainless steel underlines the fresh, elegant character.
- Characteristics:** Bright, radiant rosé, delicate aroma of red berries and citrus fruits, fruity and mineral on the palate with a refreshing interplay of fruit sweetness and acidity.
- Food recommendation:** Light starters, exotically seasoned salads, baked mushrooms, artichoke bases au gratin with Parmesan, Asian and Mediterranean-inspired dishes (tempura, curry dishes, pizza with tuna and anchovies).
